

Pupil premium strategy statement

This statement details our school's use of pupil premium (and recovery premium for the 2021 to 2022 academic year) funding to help improve the attainment of our children in receipt of pupil premium.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

Part A: Pupil premium strategy plan

Statement of intent

It is our aim to narrow the attainment gap between children in receipt of pupil premium funding (PPF) and those children without. It is our aim for all children with PPF in school to reach at least age-related expectation at the end of year 6. When making decisions about children with PPF, it is important to consider the challenges faced within the context of our school. The challenges are varied and no *'one size fits all.'* We plan to provide an enriched curriculum that meets the needs for all children, regardless of background and ability, within a supportive environment of high expectations. We place a high focus on developing children's moral, spiritual, social, and cultural understanding within a safe, caring setting in which children can thrive and succeed.

We aim to support children by growing skills of resilience and independence and by developing skills for life. By the end of their Adel journey children with PPF will leave us as independent, confident, successful learners with a thirst for learning; equipped for the challenges of the 21st century.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Some limitations on opportunities and exposure to cultural capital, sporting opportunities, trips, residentials, music activities forest schools
2	Lower attainment when compared to children without PPF
3	Parental engagement.
4	SEMH needs.
5	Fixed mind set about own abilities
6	Financial limitations.

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
To lead a healthy lifestyle and experience of wider sporting opportunities.	Participation and engagement in a wider range of sporting opportunities – after school sports clubs, forest schools, Residentials- Malham Nell Bank, sports leaders
To close the attainment gap between children with PPF and others.	Children with PPF reach at least age-related expectation by the end of key stage 2
To gain experience of wider cultural, artistic and musical opportunities.	Involvement in FANS project, the countryside rangers initiative, Malham, Nell Bank (geography, history,) ukulele lessons and drumming lessons.
Additional support with home learning and parental engagement.	Parents attending at parents evening and supporting home learning
To ensure children are emotionally ready to learn.	Children are able to sustain engagement with their learning
To ensure that any financial limitations do not limit opportunities.	PP funding used to ensure all children with PPF funding have opportunity of access for all clubs, music lessons trips etc
